

High-speed air turbine handpiece Optical fiber & 45° CX207-G 45°

Reject Welding

Complete head made by CNC, more stable

45° Angle

Easy access to the molar area

Balanced impeller

Catridge passed the Germany dynamic balance machine test

Imported bearing

Long life, low noise and stable

LED light

Fit into KaVo®
MULTfelx®LUX

Order name: 229-GK1

fit into KaVo®,MULTfelx®LUX

360° Water Adjustor
